

YOU CALL IT

“bringing mom
a few groceries.”

WE CALL IT

caregiving.

CaregivingNOW

A Network on the Web for Minnesota Caregivers

We are creating a true community space—an online gathering place—where caregivers can come for humor, connection, information and friendship.

We call it CaregivingNOW.

Why Build an Online Community?

Caregivers are busy. Living full lives themselves and supporting others to live their lives to the fullest. When do you have time to sit down for a cup of coffee with a fellow caregiver? Where do you turn when you need advice at 3 a.m?

CaregivingNOW

CaregivingNOW is an online gathering place for caregivers, open 24/7. It is a space for conversation, questions, and learning. Secure log-in and moderated conversations ensure a safe and welcoming community.

If you are a caregiver—son or daughter, spouse, neighbor, coworker, friend—we hope you’ll check out CaregivingNOW.
